

Hose Assembly Build Sheet

- Be sure to include thread type, thread size, MALE or FEMALE, and if you need it to swivel.
- Assemblies are measured from end of fitting to end of fitting. For 45 and 90 degree ends - measure to center of port.

5248 US HWY 50 East - Carson City, Nevada

Assembly #	Quantity:	Hose Size:
Hose Type (What's going through it?):	_____	Hose End 1: _____ Overall Length: _____
Maximum System Pressure (psi):	_____	Hose End 2: _____
